

PROPOSAL FOR PROPERTY SEPARATION BETWEEN CHURCH AND PARSONAGE

Date: 11-20-2025

To: Village Board of De Soto, WI

From: Jordan Yaun

Subject: Proposal for Survey and Boundary Establishment Between Church and Parsonage Properties

Dear Members of the Village Board,

This proposal is submitted to formally request and document the Village's agreement to separate the existing Church property and the Parsonage property into two distinct parcels. The intent is to establish a clear and legal property boundary between the structures.

Proposed Boundary Location

The proposed property line shall run directly between the Church building and the Parsonage garage, centered within the existing open space between the two structures. The total distance between the buildings is approximately fifteen feet (15'), and the boundary line will be established equidistant down the middle of that space.

Survey Requirement

A certified land surveyor will be contracted to:

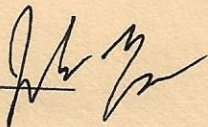

1. Conduct a full survey to officially mark and record the new property boundary.
2. Prepare legal descriptions for both the Church parcel and the Parsonage parcel.
3. Ensure compliance with all applicable zoning, setback requirements, and local ordinances.

The final survey documents will be submitted to the Village for review and approval.

Thank you for your consideration.

Sincerely,

Jordan Yaun
