

The Humane Trapping of Free-Roaming Cats Will Occur:

Date/s: **Starting Tuesday, August 18, 2026**

Location: **Downtown De Soto Area**

Healthy feral cats will be trapped. These cats will have food, water & shelter provided in the future by a feral cat caregiver. Trapped cats that are friendly may be placed for adoption.

To avoid the inadvertent trapping of owned cats, owned cats should be kept indoors, especially on the dates noted above. Owned cats should also wear an appropriate collar with identification tag and be microchipped for identification purposes.

DO NOT “drop off” cats in this location!

Purposeful animal abandonment is illegal. If you can no longer care for your cat, contact a local rescue and adoption organization or humane society.
